Registration includes the completed registration form AND your tuition. Individual classes will be available, as space permits, for \$40 per class.

Missed lessons may be made up in another class **during that semester only** and based on availability. Missed lessons may not be carried over into another semester. Pro-rating of the tuition is available only for those who are scheduled to travel during the semester. Pro-rating requires approval **before** the start of the semester. No more than two classes may be pro-rated during any one semester. The early discount cannot be combined with pro-rating.

No refunds are given once the semester has started. A 20% charge is applied for refunds before the semester begins.

In case of inclement weather, classes will be cancelled and rescheduled.

Photos may be taken during the classes for educational purposes. Your signed registration form is your consent to be in these photographs.
